Lesson 4

Key question- How can we use a frottage technique over textured objects to make our drawings more interesting?

Watch the oak academy lesson and complete the following activity:

https://classroom.thenational.academy/lessons/texture-treasure-hunt-363e14/activities/1

Create a frottage patchwork from rubbings of textured objects which you find around your home.

In the video you will learn to use the techniques used by the artist called Max Ernst who used different textures to create dream like drawings. In this activity you will take part in a texture treasure hunt and use the different textures collected from around your home to create a frottage rubbing patchwork.

Don’t forget to take a photo of your final piece!

Here are some examples of the frottage texture rubbing patchwork.
